The only research that sheds light on research and development investments of the Turkish business world, the R&D 250 was announced by Turkishtime magazine on December 1. This year, there were surprising results in the R&D 250 research based on the data collected under the research titled "TIM 1000 - Top 1000 Exporter Companies of Turkey" carried out annually by the Turkish Exporters Assembly (TIM). While the total R&D expenditure of the 250 companies in the list was about TL 2.4 billion last year, this figure increased to TL 3.6 billion this year. There was an increase of over TL 1 billion in the budget allocated by the companies for R&D. Çemaş was ranked at the 218th place in the ranking of 250 companies that made the most investment in R&D in Turkey in 2015. The number of employees working in R&D department of Çemaş reached to 30 with an increase day by day.
